

Joni wearing cast as she records her daily broadcast

## ***Joni breaks tibia-fibula***

As if a broken neck wasn't enough, I've gone and broken my leg!

And I want to thank you up front for praying for me as I heal over the next three months from a broken tibia-fibula, about an inch above my ankle. I have fallen out of my wheelchair before, but -- praise God -- it has never resulted in serious injury. This time was different.

I am taking this opportunity, however, to look for God's blessings in the midst of not only dealing with my wheelchair, but a cast. Even though the orthopedist has recommended I not fly for a while, resulting in canceled and postponed commitments, Ken and I, along with a Joni and Friends team, trust that God has at all under control and his timing is perfect. And the hymn God has put on my heart?

"Lord let me up and let me stand by faith on heaven's tableland; a higher plane than I have found -- Lord plant my feet on higher ground." Again, bless you for praying!
